

Beerline

Pipeline cleaner

Highly effective beer pipeline cleaner, rapidly removes yeast, protein and residue from the dispensing system.

Concentrated non-tainting formulation.

For traditional hand pumps & pressure keg beer lines.

- Formulated using a blend of alkali & hypochlorite.
- Will not damage pipeline or components.
- For use with cold water.
- Effective in soft, medium or hard water areas.

PIPELINE CLEANING:

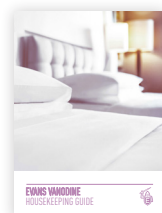

Dilute 1:80 parts cold water (60 ml per 5 L / 2 x  per 5 L).

Disconnect line from the beer supply and drain beer from the system.

Draw solution into pipeline until it is detected at the tap and leave for 10 minutes. Flush out the solution and rinse the line thoroughly with clean water until the emerging water is perfectly clean before re-connecting the beer supply. Sample beer before selling.
