

# Clean & Shine™

## Neutral floor maintainer

Cleans and restores the gloss on floors treated with a metallised floor polish.

Excellent results with high or ultra-high speed floor machine.

Low Environmental Impact - [www.evansgreentick.com](http://www.evansgreentick.com)

- Removes scuff marks and increases durability of the polish.
- Buffs to a slip resistant gloss finish.
- Suitable for spray cleaning and damp mopping.
- Ideal on most floors including vinyl, rubber, terrazzo, marble and sealed floors.
- Approved for POLYFLOR flooring.

### SPRAY CLEANING:

Dilute 1:50 parts cold water (10 ml per 500 ml).

Sweep floor. Add Clean & Shine to cold water in a spray bottle.

Apply a fine mist onto floor and spray clean using a high speed floor machine and red floor pad to obtain a gloss finish.

### MOP & DRY BURNISH:

Dilute 1:50 parts warm water (100 ml per 5 L / 3 x 1 per 5 L).

Sweep floor. Mop with solution of Clean & Shine. Allow to dry.

Dry burnish to a high gloss using a high speed floor machine and white floor pad.
