

A Quality Policy has been established and is communicated throughout all areas of the business.

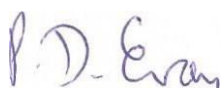

A company-wide Quality Assurance System is in operation designed to comply with the requirements of BS EN ISO 9001:2015.

It is the policy of Evans Vanodine International Plc to produce quality chemical products that meet the demands of the professional hygiene and livestock protection industries.

The following principles are applied throughout the company:

1. Continual Improvement - Full commitment of all employees to this Quality Policy and to an active involvement in the continual improvement in the Quality System.
2. Customer Satisfaction - The understanding by all employees of the long-term importance of achieving customer satisfaction by providing a consistently high quality of product.
3. Consistent Quality - An appreciation that consistent production quality can only be achieved by ensuring control at each stage of the process.
4. Comply with Legislation - To meet the requirements of all applicable regulations and EU GMP requirements for the Veterinary Medicinal Products.

Quality objectives are used to provide a basis for analysis and continual improvement and are subject to review.
