SAFETY DATA SHEET GLAZE ALL-IN-ONE DISHWASHER TABLETS

SECTION 1: Identification	of the substance/mixture and of the company/	undertaking	
1.1. Product identifier			
Product name	GLAZE ALL-IN-ONE DISHWASHER TAE	GLAZE ALL-IN-ONE DISHWASHER TABLETS	
Product number	C002 EV		
Internal identification	Janitorial	Janitorial	
1.2. Relevant identified use	es of the substance or mixture and uses advise	ed against	
Identified uses	Machine Dishwash Tablets Suitable for u	se in the food Industry.	
1.3. Details of the supplier	of the safety data sheet		
Supplier	UK Supplier: Evans Vanodine International plc Brierley Road, Walton Summit, Preston. UK. PR5 8AH Tel: 01772 322 200 e-mail: productcompliance@evansvanod	EU Supplier: Evans Vanodine Europe 6-9 Trinity Street, Dublin 2. D02 EY47. Republic of Ireland. ine.co.uk	
1.4. Emergency telephone	number		
Emergency telephone	New Safety Data Sheets - 01772 322 200 - Mon to Thur. 8.30am to 4.30pm - Fri 8.30am to 1.30pm (Also available 24/7 from our website www.evansvanodine.co.uk) For Technical Advice about this SDS - 01772 318 818 - Mon to Thur 8.30am to 4.45pm - Fri 8.30am to 1.30pm		
National emergency teleph number	 For Health Care Professionals only - For use in UK: Contact the National Poisons Information Service for further advice. For use in the Republic of Ireland: To report a poisoning incident contact The National Poisons Information Centre, Beaumont Hospital, Dublin (01-8092166). For use in Malta: Emergency services (Ambulance, Fire and Rescue, Police) : 112 		
SECTION 2: Hazards iden	tification		
2.1. Classification of the su	ubstance or mixture		
Classification (EC 1272/20	08)		
Physical hazards	Not Classified	Not Classified	
Health hazards	Eye Irrit. 2 - H319		
Environmental hazards	Not Classified		
2.2. Label elements			
Hazard pictograms			

Signal word

Warning

Hazard statements	EUH208 Contains SUBTILISIN. May produce an allergic reaction. H319 Causes serious eye irritation.
Precautionary statements	 P101 If medical advice is needed, have product container or label at hand. P102 Keep out of reach of children. P301+P330+P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+P313 If eye irritation persists: Get medical advice/ attention.
Contains	SODIUM CARBONATE

2.3. Other hazards

This product does not contain any substances classified as PBT or vPvB.

SECTION 3: Composition/informa	tion on ingredients	
3.2. Mixtures		
SODIUM CARBONATE		30-60%
CAS number: 497-19-8	EC number: 207-838-8

ECTION 6: Accidental release measures	Special protective equipment for firefighters	
	SECTION 6: Accidental releas	e measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	Avoid contact with eyes and prolonged skin contact. For personal protection, see Section 8.
6.2. Environmental precautions	
Environmental precautions	Spillages or uncontrolled discharges into watercourses must be reported immediately to the Environmental Agency or other appropriate regulatory body.
6.3. Methods and material for c	containment and cleaning up
Methods for cleaning up	Small Spillages: Flush away spillage with plenty of water. Large Spillages: Contain and absorb spillage with sand, earth or other non-combustible material. Collect and place in suitable waste disposal containers and seal securely.
6.4. Reference to other section	<u>s</u>
Reference to other sections	For personal protection, see Section 8.
SECTION 7: Handling and stor	age
7.1. Precautions for safe handl	ing
Usage precautions	Avoid contact with eyes and prolonged skin contact.
7.2. Conditions for safe storage	e, including any incompatibilities
Storage precautions	Keep only in the original container in a cool, well-ventilated place. Store in a dry place. Store away from the following materials: Acids.
7.3. Specific end use(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.
Usage description	See Product Information Sheet & Label for detailed use of this product.
SECTION 8: Exposure controls	/Personal protection
-	
8.1. Control parameters Occupational exposure limits SODIUM CARBONATE	
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho	
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li	
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho	
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering	mit.
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering controls	mit. Not relevant.
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering controls Eye/face protection	mit. Not relevant. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body	mit. Not relevant. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves.
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection	mit. Not relevant. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required.

Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection	mit. Not relevant. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required. mical properties
Occupational exposure limits SODIUM CARBONATE Long-term exposure limit (8-ho WEL = Workplace Exposure Li 8.2. Exposure controls Appropriate engineering controls Eye/face protection Hand protection Other skin and body protection Respiratory protection SECTION 9: Physical and chem	mit. Not relevant. No specific eye protection required during normal use. No specific hand protection recommended. For prolonged or repeated skin contact use suitable protective gloves. None required. Respiratory protection not required. mical properties

Odour	Lemon.
pН	pH (diluted solution): 10.8
Melting point	Not applicable.
Initial boiling point and range	Not applicable.
Flash point	Not applicable.
Relative density	Not applicable.
Solubility(ies)	Soluble in water.
9.2. Other information	
Other information	None.
SECTION 10: Stability and rea	activity
10.1. Reactivity	
Reactivity	Reacts violently with strong acids.
10.2. Chemical stability	
Stability	No particular stability concerns.
10.3. Possibility of hazardous	reactions
Possibility of hazardous reactions	See sections 10.1,10.4 & 10.5
10.4. Conditions to avoid	
Conditions to avoid	Avoid exposure to high temperatures or direct sunlight. Water, moisture.
10.5. Incompatible materials	
Materials to avoid	Strong acids. Aluminium, Tin, Zinc and their alloys.
10.6. Hazardous decompositio	on products
SECTION 11: Toxicological information	
11.1. Information on toxicologi	cal effects
Toxicological effects	We have not carried out any animal testing for this product. Any ATE figures quoted below are from Toxicity Classifications that have been carried out using ATE (Acute Toxicity Estimate) Calculation Method using LD50 or ATE figures provided by the Raw Material Manufacturer.
Other health effects	Low oral toxicity, but ingestion may cause irritation of the gastro-intestinal tract.
Acute toxicity - oral	
Notes (oral LD₅₀)	Based on available data the classification criteria are not met.
ATE oral (mg/kg)	6,939.6
SECTION 12: Ecological inform	mation
Ecotoxicity	Not regarded as dangerous for the environment.
12.1. Toxicity	
Toxicity	We have not carried out any Aquatic testing, therefore we have no Aquatic Toxicity Data specifically for this product. The Aquatic Toxicity Data, where provided by the raw material manufacturer for ingredients with aquatic toxicity, can be made available on request.

12.2. Persistence and degradability

GLAZE ALL-IN-ONE DISHWASHER TABLETS

Persistence and degradability	The surfactant(s) contained in this product complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. and UK Regulation: SI 2020 No. 1617 "The Detergents (Amendment) (EU Exit) Regulations 2020".
12.3. Bioaccumulative potentia	<u> </u>
Bioaccumulative potential	The product does not contain any substances expected to be bioaccumulating.
12.4. Mobility in soil	
Mobility	Not known.
12.5. Results of PBT and vPvB	assessment
Results of PBT and vPvB assessment	This product does not contain any substances classified as PBT or vPvB.
12.6. Other adverse effects	
Other adverse effects	Not known.
SECTION 13: Disposal conside	erations
13.1. Waste treatment methods	6
Disposal methods	Discharge used solutions to drain. Small amounts (less than 5 Litres) of unwanted product may be flushed with water to sewer. Larger volumes must be sent for disposal by approved waste contractor. Consign empty container to normal waste.
SECTION 14: Transport inform	ation
General	Not classified for Transport.
14.1. UN number	
Not applicable.	
14.2. UN proper shipping name	
Not applicable.	
14.3. Transport hazard class(e	<u>s)</u>
Not regulated.	
14.4. Packing group	
Not applicable.	
14.5. Environmental hazards	
Environmentally hazardous substance/marine pollutant No.	
14.6. Special precautions for user	
Not applicable.	
14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code	
Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code	
SECTION 15: Regulatory information	
15.1. Safety, health and enviro	nmental regulations/legislation specific for the substance or mixture

EU legislationSafety Data Sheet prepared in accordance with EU Regulation: "REACH Commission
Regulation (EU) No 2015/830 (which amends Regulation (EC) No 453/2010 & 1907/2006)."
and UK Regulation: "SI 2020 No. 1577 - The REACH etc. (Amendment etc.) (EU Exit)
Regulations 2020.".
The product is as classified under - EU GHS: CLP - "Regulation (EC) No 1272/2008
classification, labelling & packaging of substances & mixtures." and UK GHS: "SI 2020 No.
1567 - The Chemicals (Health and Safety) and Genetically Modified Organisms (Contained
Use) (Amendment etc.) (EU Exit) Regulations 2020.".Ingredients are listed with classification under - EU GHS: CLP - "Regulation (EC) No
1272/2008 classification, labelling & packaging of substances & mixtures." and UK GHS: "SI
2020 No. 1567 - The Chemicals (Health and Safety) and Genetically Modified Organisms (Contained
Use) (Amendment etc.) (EU Exit) Regulations 2020.".

15.2. Chemical safety assessment

No chemical safety assessment has been carried out as not applicable as this product is a mixture.

SECTION 16: Other information

Abbreviations and acronyms used in the safety data sheet	 PBT: Persistent, Bioaccumulative and Toxic substance. vPvB: Very Persistent and Very Bioaccumulative. ATE: Acute Toxicity Estimate. REACH: Registration, Evaluation, Authorisation and Restriction of Chemicals Regulation (EC) No 1907/2006. GHS: Globally Harmonized System.
Classification abbreviations and acronyms	Acute Tox. = Acute toxicity Aquatic Acute = Hazardous to the aquatic environment (acute) Eye Dam. = Serious eye damage Eye Irrit. = Eye irritation Ox. Sol. = Oxidising solid Skin Irrit. = Skin irritation STOT SE = Specific target organ toxicity-single exposure
Key literature references and sources for data	Material Safety Data Sheet, Miscellaneous manufacturers. CLP Class - Table 3.1 List of harmonised classification and labelling of hazardous substances. ECHA - C&L Inventory database.
Classification procedures according to Regulation (EC) 1272/2008	Calculation Method.
Revision comments	Change of Address. & Addition of national emergency telephone number.
Revision date	09/02/2021
Revision	3
SDS status	The Hazard Statements listed below in this Section No 16 relate to the Raw Materials (Ingredients) in the Product (as listed in Section 3) and NOT the product itself. For the Hazard Statements relating to this Product see Section 2.

Hazard statements in full	H272 May intensify fire; oxidiser.
	H302 Harmful if swallowed.
	H315 Causes skin irritation.
	H318 Causes serious eye damage.
	H319 Causes serious eye irritation.
	H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.
	H335 May cause respiratory irritation.
	H400 Very toxic to aquatic life.
	H411 Toxic to aquatic life with long lasting effects.
	H412 Harmful to aquatic life with long lasting effects.
	EUH208 Contains SUBTILISIN. May produce an allergic reaction.
